Colour

- Red

The CIG-UN and CIG-UN-T IP44 rated flameless cigarette lighter units have been in production for over 40 years.

They are recommended for indoor installation, although they are suitable for installation within our IP65 rated enclosure (CIG-EN66) and then they can be mounted outdoors.

The unit comes with the options of manual operation (CIG-UN) or with an automatic safety timer (CIG-UN-T).

The unit comes with a plug-in element as standard (CIG-EL).
