Dimensions (mm)

- Height: 230
- Width: 165
- Depth: 75

Colour

- Stainless steel

The CIG-SS units are wall mounted stainless steel lighters which are totally weatherproof and are therefore suitable for both indoor and outdoor use.

The units are ideal for use in factories, warehouses and secure facilities such as nursing homes, prisons, mental health care establishments and any institution that requires a higher level of safety and security control.

They are available with tamper proof security screws for added security.

The unit comes with the options of manual operation (CIG-SS), with an automatic safety timer (CIG-SS-T) or with a controlled safety timer (CIG-SS-CT).

The unit comes with a CIG-SL screw in element as standard.
